

Auditorium Renovation and Community Center Expansion Update – May 2026

The following announcement is the **tenth** in a series of monthly updates intended to provide the citizens of Fountain City and surrounding areas with information on the progress of planned enhancements to the Fountain City Auditorium and Community Center. This important work is related to the \$1.7 million grant awarded to Fountain City as part of the Wisconsin Department of Administration's Flexible Facilities Program (FFP). The original announcement of the award and related information may be found on the City's website, here: <https://www.fountaincitywi.gov/fountain-city-awarded-1-7-million-grant-for-auditorium-renovation-and-community-center-expansion/>

The Dancefloor is Open (almost)!

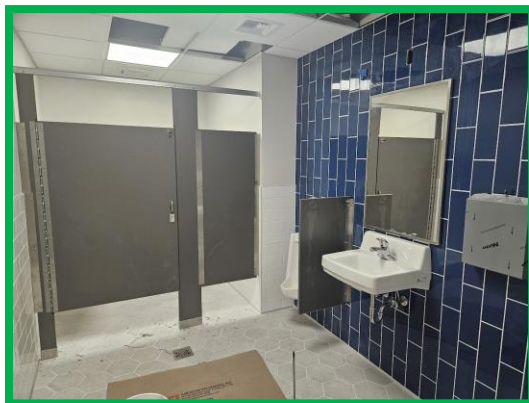

There have been many examples of “inviting the new while preserving the historic” to observe when taking in all of the impressive renovations made to our wonderful auditorium. I think we can safely say that none, thus far, are quite as striking as seeing our massive gym floor being brought back to life in all its original glory. WOW.

Progress on our library (center), health room (left), and hospitality space (right) is also moving along at a rapid pace. The recessed LED lighting provides ample, efficient illumination without the heat of incandescent fixtures or the oppressiveness of the old fluorescent bulbs.

To round out this most recent update, the stalls are in, our new elevator is functional, and our stage is getting ready for Act 1.

Community updates on the progress of this exciting and important work will continue monthly. Please check back in with us as enhancements continue through the summer of 2026. Feel free to reach out with any questions or concerns via our City Hall email at info@fountaincitywisconsin.com , or by attending a future meeting of our Common Council <https://www.fountaincitywi.gov/city-calendar/> .

In the meantime, enjoy our steamy start to summer!!
